

Update Practices

The files in this Update folder reflect information submitted by living Mansur descendants. In general, the purpose is to correct errors that may exist in the original *House of Mansur* genealogy or to extend the lineage of Mansur branches beyond that which existed at the time of publication of the *House of Mansur* in 1929.

I would like to encourage those of you who are interested in furthering the Mansur Record to submit updates. As I do not have the time to suitably prepare unformatted data, I request that any files that are contributed be in a form similar to those currently in the Update folder – in a word processing file, Word or Wordperfect, that I will convert to Adobe PDF. Of equal importance is identification of the preparer of the material within the document itself.

I cannot attest to the accuracy of information to be found in the Update files; but I am confident that our generation of Mansurs would do no less than to conscientiously add to the Record as best they can.

Additionally, I will undertake to add narrative submissions of brief and concise biographical and/or historical data that may properly add to the Mansur Record.
