

VII . 1-2-2-6-2-1 . ALVAH MANSUR, son of Alvah Mansur ; born December 5, 1833, at Lowell, Mass . Died at Los Angeles, Cal ., January 8, 1898. Married at Homer, N. Y., October 1, 1863, Angeline P. Blockinton of Moline, Ill., who died in Kansas City March 17, 1870. Mr. Mansur was educated at the Lawrence Academy, Groton, Mass ., the same school which his cousin, the late Hon. Charles H. Mansur, attended. After completing his education he became connected with a wholesale hardware house in New York City, and represented them in the West.

His first business venture was in the hardware business in Moline, Illinois. In 1859 he became connected with the plow manufacturer, Mr. John Deere. At the breaking out of the war he enlisted in the 19th Illinois Infantry and served with the rank of lieutenant. After the war he went West and engaged in mining in Central City, Colo ., and served two terms in the Legislature of that State.

In 1869 he formed a partnership with Deere & Co. of Moline, Ill., and established the house of Deere, Mansur & Co . at Kansas City. In 1874 he opened the house of Deere, Mansur & Co. i n St. Louis, Mr. L. B. Tebbetts, his brother-in-law, being associated with him . In 1890 the firm of Deere, Mansur & Co. was dissolved, Deere & Co ., taking the Kansas City business, and Mr. Mansur and Mr. Tebbetts the St. Louis business .

In 1876 Deere & Co . and Mr. Mansur organized the Deere & Mansur Co . at Moline, Ill., for the purpose of manufacturing corn planters . This institution has since taken a prominent place in manufacturing industries of this country, until today it is the largest concern of its kind in existence. At the time of his death, which occurred January 8, 1898, at Los Angeles, Cal., Mr. Mansur was president of the Mansur-Tebbetts Implement Co . of St. Louis and Dallas, Texas ; president of the Mansur-Tebbetts Carriage Manufacturing Co. of St. Louis ; vice-president of the Deere & Mansur Co . of Moline ; president of the Charter Oak Stove & Range Co., St. Louis, and president or director of a large number of other business institutions .

He also was largely interested in the lead and zinc mining operations in Missouri, and was a man of affairs generally. His estate was estimated at four million dollars. Mr. Mansur was a man of strong and lovable character, with a deep sense of his obligations in every position of trust, and was one upon whom many leaned for advice and counsel in times of doubt and stress .

Six-Horse Mounted Powers.

In addition to the powers listed herein, we are putting out a new line of eight, ten, twelve and fourteen horse powers, a special circular of which will be furnished on application.

SIX-HORSE POWER, MOUNTED, READY FOR WORK.

This power is of the same type as our Eight-Horse Power, and is intended for operating our Enterprise Two-Hole Sheller. It is also adapted to operating other machinery within the range of its capacity. The power has two speeds, one giving fifty one revolutions and the other seventy revolutions to one round of the horses. We estimate that the horses will travel two and three-quarter times around per minute. The slow speed is used when operating our Enterprise Sheller. The power has three sweeps, which are eleven feet in length from center of master wheel to draw-hook. We can furnish this power either down or mounted. The trucks on the mounted power have steel wheels, and sweep rack and platform go with it.

SIX-HORSE POWER, MOUNTED, READY FOR THE ROAD.
